

Is Your Business Compliant with California's Harassment Training Requirements?

HARASSMENT TRAINING SEMINAR

Conn Maciel Carey LLP is pleased to offer harassment training seminars for managers and supervisors that meet California harassment training requirements. Each course includes a two-hour training session per work site, with personalized materials, for a flat fee.

MACIEL
CAREY

If your Company has 5 or more employees, you must provide nonsupervisory employees with 1 hour of sexual harassment and abusive conduct prevention training, and 2 hours of such training to supervisory employees every 2 years. California imposes specific requirements concerning the content and format of the training seminar.

Effective training on harassment can prove critical in preventing workplace harassment, maintaining a harmonious workplace and avoiding costly litigation.
