What Employers Should Know About Positive Employee & Labor Relations

BY

Letitia Silas and Samuel Rose

In this episode, host Letitia Silas sits down with CMC's Labor and Employment Practice Chair, Kara Maciel, to discuss the importance of fostering strong employee relations in the workplace. Building strong employee relations not only helps prevent legal issues with the National Labor Relations Act, but it also promotes long-term organizational success. This episode will go beyond legal compliance to explore proactive approaches that align with your organization's goals and help you be an employer of choice.
