[Bonus Webinar] Navigating OSHA and MSHA During a Federal Government Shutdown

On Thursday, October 16, 2025, at 1 pm ET, join [Eric J. Conn](#) and [Nicholas W. Scala](#) for a webinar about [Navigating OSHA and MSHA During a Federal Government Shutdown](#).

With the federal government now shut down, the Department of Labor (DOL) has activated its contingency plan, significantly curtailing operations across OSHA and MSHA until Congress appropriates new funding. But what does that mean for employers?

Join Conn Maciel Carey's OSHA and MSHA attorneys for a timely webinar breaking down key implications for employers facing OSHA and MSHA matters. We'll discuss what activities continue, what's paused, and what employers should be doing to stay compliant during this period of uncertainty.

Topics will include:

- How OSHA and MSHA operations are scaled back during a shutdown
- Which inspections and investigations will still proceed
- How litigation and citation deadlines are affected
- Our recommendations to avoid enforcement pitfalls once normal operations resume
