Key Cal/OSHA Issues California Employers Must Track [Webinar Recording]

On May 28, 2019, [Andrew J. Sommer](#), [Eric J. Conn](#) and [Megan S. Shaked](#) of [Conn Maciel Carey LLP](#)'s national [OSHA Practice](#) presented a webinar regarding: "[Key Cal/OSHA Issues California Employers Must Track](#)."

The state of California's Division of Occupational Safety and Health, better known as Cal/OSHA, is perhaps the most aggressive and enforcement-heavy approved state OSH Program in the nation. California employers face a host of requirements that other employers around the country do not. Likewise, the Cal/OSHA inspection and appeal process creates several unique landmines for California employers.

The image is a promotional graphic for a webinar recording. At the top left, it says "the OSHA DEFENSE report" in orange and blue text. Below this is a photograph of a pair of yellow work boots and a yellow hard hat. To the right of the photo is the firm's name "CONN MACIEL CAREY" in blue, stacked vertically. Below the photo and name, the title "Key Cal/OSHA Issues that California Employers Must Track" is written in large blue font. Underneath the title, the date "May 28, 2019" is centered. At the bottom, three speakers are listed: Andrew Sommer (Partner, Cal/OSHA & Employment Practices), Eric J. Conn (Chair, OSHA Practice), and Megan S. Shaked (Associate, Cal/OSHA & Employment Practices). The bottom of the graphic has a thin orange bar with small text: "© 2019 Conn Maciel Carey LLP All Rights Reserved Attorney Advertising" and "http://connmaciel.com".

Of particular significance in the coming year, California employers should be on the lookout for a new permanent E-Recordkeeping injury data submission rule, a new focus on finding Repeat violations, and the roll-out of several new California-unique rules.

Participants in [this webinar](#) learned about:

- Trends in Cal/OSHA Enforcement
- New E-Recordkeeping electronic injury data submission requirements
- Cal/OSHA's new Repeat Violation Rule

- Cal/OSHA's Expanded Statute of Limitations for Recordkeeping Violations
- Proposed Rules for Indoor Heat Illness Prevention, Workplace Violence in General Industry, and Protection from Wildfire Smoke
