

SEPTEMBER 1, 2022 | LABOR & EMPLOYMENT ISSUES

[Webinar] What Employers Need to Know About the Monkeypox Virus

On Tuesday, September 6, 2022 at 1 p.m. EST, join [Kara M. Maciel](#), [Eric J. Conn](#) and [Ashley D. Mitchell](#) for a webinar regarding [What Employers Need to Know About the Monkeypox Virus](#).

On July 23rd, the World Health Organization declared Monkeypox a Public Health Emergency of International Concern. By late July, the U.S. surpassed 10,000 total cases, and the Biden Administration declared it a public health emergency. While the Monkeypox Virus is less transmissible than COVID-19 and rarely fatal in its current form, there are still workplace safety and health considerations employers will have to address.

Participants in this webinar will learn:

- Background about the Monkeypox Virus, including common symptoms and modes of transmission
- Strategies for employers to prevent workplace exposures while complying with Federal and State level labor and employment laws
- Employee communication strategies about this latest public health crisis
- Potential OSHA recordkeeping and reporting obligations

This event is valid for 1.00 PDCs for the SHRM-CPSM or SHRM-SCPSM.

This program has been approved for 1.00 HR (General) recertification credit hours toward aPHR™, aPHRi™, PHR®, PHRca®, SPHR®, GPHR®, PHRi™ and SPHRi™ recertification through HRCI®.
